THE "HOME SEEKER."

To hotel men and real estate agents it is invaluable. An advertisement in an ordinary publication, promiscuously distributed, does not meet with more than one customer out of every hundred people which it reaches. The "HOME SEEKER" is distributed only to those who are coming here with a desire of buying immediately. Not a single copy is wasted. We have received a solid support from the business community of the northern half of the State. The continuous publication of the "HOME SEEKER", is an assured fact. More land can be sold by an advertisement with us than any other way known. We shall make the "HOME SEEKER" subserve the best interests of the northern counties. We ask the support of the business men of that region which we are laboring to build up. Our work is important to every branch of business. If you want to help your branch of business. St. Louis, June 21st.-Advices from northern Texas are to the effect that serious trouble is looked for in the Pan-handle over the arriving of southern Texas cattle

through Kansas. Thousands of cattle are going up the Fort Worth and Denver Railroad, to be unloaded at Harrold and then driven through. It is claimed that these cattle are diseased, and if allowed to go through will spread the Texas fever along the line. The Kansas men are determined to resist, with all the means in their power, any effort to drive southern Texas cattle through the neutral strip, or "no man's land," as it is called. It is said that the promise of Secretary Lamar has obtained to interpose the strong arm of the Government to prevent it, and that a United States Marshal, with a strong sse, armed with Government authority. will by Monday meet the first herd bound for Kansas, and they will turn the cattle back or prevent their entrance into the neutral strip. Southern Texas men are very angry over the matter, pronounce the scare without reason, and say their cattle are healthy and they will fight before their rights shall be subverted. They are determined to drive into Kansas, and claim that Secretary Lamar has guaranteed them protection to go through, and has notified the Kansas men accordingly. Cool-headed cattle men say there will be trouble, and think the Government should call a halt on the trail until the question can be investigated and the true facts ascertained. The Knickerbockers went down to Oakland yesterday morning to play their third game with the Greenhood & Moran Club, and returned in the evening, reporting that the Oaklanders "did them up" in good shape, beating them 12 to 4. The Sacra-mento boys made three runs in the first inning, and began to feel pretty good, but t didn't last. The Knickerbockers are satisfied that no junior club has any business with the Greenhood & Morans, as the latter are open to play any club in the State, barring only the Haverlys. FIRE SATURDAY NIGHT .- About 9:30 Saturday night smoke was observed issuing rom the basement of Earle, Potter & Co.'s nardware store, on the south side of J treet, near Ninth, and Ninth street, near J, their plemises fronting on both streets. An alarm was turned in from box 43, at the Tenth-street engine house. The firemen were in the procession escorting the visiting Turners, and were in the immediate vicinity of the fire when it was dis ered. There was considerable light stuff, for packing purposes, in the basement, and the fire spread rapidly, creating dense smoke at the same time. It took about three-quarters of an hour to subdu it, and the great quantity of water used did much damage to the stock of goods, but the loss is covered by insurance. During the progress of the fire J. W. Wollenberg, while holding a lantern to assist the fire men, fell through a trap door in the sidewalk, and received severe bruises and a bad shaking up. While the fire was being supressed another alarm was struck from box 3. but on investigation it was found that this was only a piece of foolishness perpetrated by some individual who found the box still open from the first alarm. The fire is supposed to have been started accidentally by sparks emitted by fireworks used during the procession, and which dropped through the sidewalk grating, and caused straw and other stuff to blaze. The firm are unfortunate, as they were burned out last August.

THE ROADSTER RACE.-A large crowd assembled at the Park last Saturday to witness the match race between Mr. Hodson's trotting mare Kate Bender and Mr. Gilman's pacer Foss. The former was driven by James Linden, and the latter by W. F. Smith. In the first heat Foss took the lead at the first turn and maintained it around to the wire, winning in a jog in 2:37. teen or fifteen times, the driver of the mare appearing determined to tire old Foss out. The mare started off with the lead, but was passed by the pacer at the eighth pole. Near the half Foss broke and almost came to a stop. The mare passed and opened a distance of fifty yards between them, but the pacer gained fast, and, Bender making a break near the head of the homestretch he overtook and passed her, winning in 2:361. The heavy scoring before the heat and the great exertion he was compelled to make to reach the wire first after this break proved too much for the old gray, and his opponent won the next three heats in 2:38, 2:39\(and 2:40. \) Foss was distanced

Mrs. Lizzie Laird Howett, of Sacramento city, Cal., has brought an action against J. L. Brown, claiming of him the sum of \$10,000 for a breach of promise to marry her. She bases her action on a series of letters, numbering in all forty-two, mostly written by Mr. Brown since December last, in which it is claimed that Brown, representing himself to her as a widower with one child, proposed to enter into matrimonial relations with her, and, relying on his representations, she accepted his proposals. Subsequently, learning through an attorney in Creston that Brown was a married man, with three children, she determined to come here and expose him to the public.

Mrs. Howett claims to be a daughter of Judge Laird, of Rockville, Ind. She has the appearance of a lady of much refinement and intellectual attainment. As she comes among us an entire stranger, and on such a mission as but few ladies left alone in the world would have the courage to undertake, it is just and right that all proper respect should be shown her, and a fair opportunity given her to present her grievances, and if she can make her case against Mr. Brown, let the full weight of public indignation rest upon the man who has sought to decive and ruin her.

Yesterday, by request, our reporter called on her, and she produced numerous letters from One of the most remarkable law cases ever ties. The visiting members were flanked on both sides by a line of Sacramento Turn Verein, each one of whom carried a torch. Red and blue lights, roman candles and fireworks were burned in the line, and rom almost every porch and balcony along the entire route of march, which was as follows: Depot through Second to K, to procession ever had in this city equaled his one in splendor. Yesterday, by request, our reporter called on her, and she produced numerous letters from prominent citizens of Sacramento city, bearing testimony to her good character, and recommending her to the people of this town. We bespeak for her a kind reception among our people, and ask that no heed be given to the stories of ill fame attempted to be set up by the defense until they are proven true. He affirms that she well understood that fact, and that his object in writing to her was to test her virtue.

Just why a man between 40 and 50 years of age, with a wife and family, should find it necessary to write forty-two letters to a good-looking widow, 2,000 miles distant, merely to ascertain whether she is virtuous or not, is a question greatly agitating the public mind of this city just at present, but as Mr. Brown will soon have full opportunity to explain, we wait with patience further developments. ng your songs of praise, of mirth, hilarity and

THE POSTAL SERVICE. The examination of applicants for positions as Postoffice Inspectors has been concluded. Ninety-two applicants were examined. Several days will be required to determine the standing of candidates. The Postmaster-General accorded interviews to would-be Inspectors to-day, with a view of forming an opinion as to their fitness for appointment from personal observation.
The second annual adjustment of post masters' salaries under the Act of March 3 1884, and the first on the basis of the two-cent rate of postage for four quarters, has just been completed. Cincinnati is the only office showing any considerable change in compensation, and the reduction of \$1,000 in the salary there was caused by a slight falling off in receipts that made \$6,000 to \$5,000. The annual adjustment of the salaries of Presidential postmasters has been submitted to the Postmaster-General. It shows that the total number of Presidential postoffices on July 1st will be 231, a decrease of 122 compared with the beginning of the present fiscal year. During the year twelve became Presidential, and on July 1st 134 offices will be reduced from Presidential to fourth class. The aggregate annual salaries of all the Presiden ial postmasters for the next fiscal year will

Sheepshead Bay, June 20th.—The race for the Derby stakes to-day was by far the finest of the season, and though Tymant lost it, he made some splendid running, but was clearly and fairly beaten by Joe Cotton. Dutly claimed a foul at the end of the race, but it was not allowed by the judges. From the reporters' stand it looked as though McLauchlin crowded Dutly at the three-quarter post, but it did not seem grounds for a foul. There was considerable delay at the start, caused mainly by Tyrant's eagerness to get away. Three different times he bounded from the rear of the bunch to front place. Finally, the flag fell, with St. Augustine in the lead, Brookwood second, Heva third, Joe Cotton fourth. Tyrant running easily at the end of the list. At the quarter-post Erookwood had the lead, St. Augustine a length away and Tyrant had moved up to third place. Passing the grandstand Tyrant, by aburstof speed, had reached the leader and ran with him on even terms. Duffy did not wear spurs, nor did the California colt seem to need them. He held the leading position to the three-quarters, where McLaughlin began to ride Cotton came away and Tyrant as boult to repeat his former victories. Strengthening Remedy HEALTH INVIGORATOR.

THE OLDEST, GREATEST AND BEST REMedy for the cure of Nervous and Physical Debility, Vital Exhaustion, Seminal Weakness, Loss of Manhood, Failing Memory and Relaxed and Enfeebled condition of the Genito-Urinary Organs.

It speedily cures Impotence, Early Decay, Loss of Vigor, SEMINAL WEAKNESS, and all the sad effects of youthful follies and abuse or EXCESSES OF MATURITY.

It permanently prevents all Unnatural Loss from the system, as thousands can attest

plaints, positively restoring Loss manners, and with which expensive special treatment is not required.

SF For the convenience of patients, and in order to insure perfect secrecy, I have adopted a private address, under which all packages are
